Sandy shared net profits, donations, and recurring expenses for the 19-20 school year.

(Missed Pizza Ranch and 4th quarter social event, due to Covid-19.)

All in favor of continuing senior scholarship.

Other requests have included bussing, tech, prom, and outdoor classroom.

Question raised – should prom committee come forward to ask for money for prom?

Bridget emailed out survey of options. Those in attendance voted: #1 & #2– technology/field trip bussing tied, #3 – outdoor classroom

-Discussed how field trip bussing might be allocated.

-Hot spots for technology are about \$100 each. Would we need one per classroom? Chris recommended consulting Brittany on our tech needs.

Sandy recommended tying things down to events, rather than allocating specific dollar amounts to each item.

As we discussed tentative plans for next year, those in attendance decided to limit to two items: tech and field trip costs.

Rather than deciding specific costs now, we will tie events to these items next year. The proceeds from those events will go towards these items.
